

What is Oratto?

The Oratto fixed-fee probate quote calculator helps you to quickly and easily compare quotes from different solicitors for grant of probate and estate administration following the death of a loved one.

Guaranteed fixed-price quotes from solicitors are shown on-screen allowing you to compare legal fees in the same way as you might compare motor insurance or energy prices on the price comparison websites.

Oratto could help you save thousands of pounds in fees when administering probate for larger estates, even if there is a professional executor involved, and hundreds of pounds when the estate is smaller and easier to administer.

How does it work?

All you have to do is answer the quick-fire questions in our probate quote calculator, accessed via the Oratto website at **www.oratto.co.uk**, then view and compare transparent fixed-fees from specialist probate solicitors on-screen.

You are able to view the prices, the profiles and ratings of several probate lawyers all in one place. If you prefer, you can speak with one of our experienced advisors and they can input the information on your behalf whilst you are on the telephone.

When you have selected the quotation from the solicitor you prefer, we will contact you and offer sensitive and friendly guidance every step of the way.

We can help you with this. Please telephone us to discuss, or you can find more information on our website about professional executors.

- **No legal bills to pay until the estate is settled**

There are no legal fees to pay up-front. All fees and disbursements are paid from the estate, after probate has been granted.
