Best Green Companies is a partnership between The Sunday Times, leading market-research group Munro Global and environmental consultancy Bureau Veritas. All products within this catalogue are Forest Stewardship Council® accredited. The Forest Stewardship Council® [FSC] is an international, non-governmental organisation dedicated to promoting responsible management of the world's forests. It was founded in 1993 in response to public concern about deforestation and demand for a trustworthy wood-labelling scheme.

FFMA Coffin Certification Standard tests are applied to all coffins and caskets, to ensure best standards and impartiality. The FFMA is a link between manufacturers/suppliers, the funeral director and the crematoria. To ensure coffins/caskets are fit for purpose, they are tested to make sure there are no problems with handling, safety, pre-ignition, combustion and ash volume. All coffins within this catalogue have passed the tests.
